Know your product

Shenzhen Phaeton Nice Electronic High-tech Co. Ltd.
Limited Warranty: 90 Days Labor, One Year Parts
Phaeton Nice Electronic High-tech Co. Ltd. warrants the product to be free from "Defects" in materials under normal use for a period of "One Year" from the date of the original purchase. The Warranty is "Not" transferable. We agree, within the initial "90 Day" period, to repair or replace the product if it is determined to be defective at "No Charge". It is further agreed that we will cover the cost to repair or replace damaged "Parts" only for a total period of "One Year" from the date of the original purchase. The warranty does not cover cosmetic damage, antennas, AC cords, cabinets, headbands, ear-pads, or damage due to line power surges, connection to improper voltage supply or settings, misuse, mishandling, accident, acts of God or attempted repair by an unauthorized service agent.
To obtain service, the purchaser MUST present an original sales receipt / proof of purchase. Please contact us at www.ithomeproducts.com to request an RMA (Return Material Authorization) number to return products for service or replacement. Returns without an RMA number on the package will be refused and returned to sender. Upon receipt of the returning item and our full inspection may issue a replacement to customer for the same item or of one that has equivalent value and features. To return an item, supply full name, return address, phone number, item purchased, receipt of purchase and reason for return to obtain RMA number.
All returns must be in the original packaging or reasonable substitute to prevent damage.
Customer "Must" include full name, shipping address and telephone number inside of package. No return will be shipped back to a PO Box or APO address.
Please include your check or money order in the amount of
• USD\$5.00 for items \$10.00 to \$39.99 (Price Paid Per Unit)
• USD\$10.00 for items \$40.00 to \$99.99. (Price Paid Per Unit)
• USD\$16.00, for items \$100.00 and up. (Price Paid Per Unit)
• Shipping fees are non-refundable
to be payable to IT(for handling and return shipping charges) (IT) will not be responsible for delays or unprocessed claims resulting from a purchaser's failure to provide any / all of the necessary information.
Send all inquiries or RMA request via our website www.ithomeproducts.com/support.

There are no express warranties except as listed above.
REPAIR OR REPLACEMENT AS PROVIDED UNDER THIS WARRANTY IS THE EXCLUSIVE REMEDY OF THE CUSTOMER. (IT) SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW. ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.
Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above exclusions or limitations may not apply to you. This warranty gives you specific legal rights and you may also have other rights, which vary from state to state.

ULTRA THIN BLUETOOTH KEYBOARD CASE

Know your product

ULTRA THIN BLUETOOTH KEYBOARD CASE

Set up your product

- Turn on the keyboard:
 - Bluetooth discovery starts automatically and continues for 15 minutes. The status light blinks blue.
 - If the status light briefly turns red, charge the batteries. For more information, see Charge the Batteries.
- Make sure your iPad's Bluetooth feature is on. Select Settings>General>Bluetooth>On.
- Select on the iPad's Devices menu.
- If your iPad requests a PIN, enter the code using the Keyboard, and not your iPad's virtual keyboard. After the Bluetooth connection is made, the Status light briefly turns blue, and then it turns off.
- Place the iPad in the magnetic slots.

ULTRA THIN BLUETOOTH KEYBOARD CASE

Charge the batteries

- Put the Magnetic Usb Charging cable onto the Keyboard and a USB port on a computer. Wait until status light blinks red.
- Charge the batteries until the Status light turnsoff.

Battery information:
• A full charged battery provides about 4 weeks of use and about 80 hours of continuous use.
• Charge the batteries when the status light briefly turns red after the keyboard turns on.
• When not in use, turn off the Keyboard to conserve battery power.
• The Keyboard enters sleep mode if powered on and not used. Press any key to wake.

Preparation: Please make sure that both iPad and Bluetooth keyboard are fully charged prior to proceeding (for first use please charge it with supplied USB cable for 4 hours).
Please note: If you're experiencing a "lag" while typing, this is a sign that your battery level is low and must be charged.

ULTRA THIN BLUETOOTH KEYBOARD CASE

Storing the iPad for travel

Place the iPad into the Protective Cover to hold the iPad in position.

Connecting to a different iPad

- Make sure the Keyboard is turned on.
- Check that your iPad's Bluetooth feature is on. Select Settings>General>Bluetooth>On.
- Press the Bluetooth Connect Button. The Keyboard is discoverable for 3 min.
- Select on the iPad's Devices menu.
- If your iPad requests a PIN, enter the code using the keyboard and not your iPad's virtual keyboard. After the Bluetooth connection is made, the Status light briefly turns blue, and then it turns off.
- Place the new iPad on the keyboard.

Troubleshooting

The keyboard does not work

- Press any key to wake the keyboard from sleep mode.
- Turn the keyboard off and then back on.
- Recharge the internal batteries. For more information, refer to 'Charge the batteries'.
- Re-establish the Bluetooth connection between the keyboard and iPad.
- Verify that iPad's Bluetooth feature is turned on.
- Choose 'Bluetooth Keyboard' from the Devices menu on your iPad. The Status light briefly turns blue after the Bluetooth connection is made.
- Lithium Battery Capacity: 200mAh
- Operation Voltage: 3.7V
- Working Current: 25mA
- Sleeping Current: 600uA
- Weight: 420g
- Uninterrupted Working Time: 35 hours
- Charging Time: 4-5 hours
- Product Specifications: 240*175.5*10mm
- Key Strength: 80±10g
- Key life: 5 million strokes
- Operating Temperature: -10℃— 55℃

Battery Disposal

- Pry off top of keyboard with screwdriver.
- Detach battery from circuit board and remove battery.
- Dispose your product and its battery according to local laws

Product Specification

- Operating Distance to 10 meters
- Modulating System: GFSK
- Bluetooth: 3.0 Without EDR

ULTRA THIN BLUETOOTH KEYBOARD CASE

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
---Reorient or relocate the receiving antenna.
---Increase the separation between the equipment and receiver.
---Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
---Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
